

TAB Contractors and its affiliates have completed complex construction projects for more than 59 years as a preferred underground wet utilities and heavy civil contractor. TAB Contractors has been able to exceed their clients expectations by self-performing services that include mass excavations, earthwork, asphalt paving, concrete paving, wet utilities, demolition, and jet fuel line installation.

As a local family-owned company with qualified personnel, ample resources, and extensive experiences; TAB Contractors has established a solid reputation by successfully completing projects in dam work, aviation, public works, industrial, commercial construction, hospitality and gaming. TAB Contractors utilizes the most current innovations in construction technology and employs highly skilled workforce of Operating Engineers, Laborers and Teamsters, TAB Contractors has established a reputation as one of the leading contractors in the southwestern United States.

A safe working environment is one of the fundamental values of TAB Contractor’s company culture.

John Fornfeist, our Construction Operations Manager, joined our New-Com family in 2015, bringing his extensive knowledge and safety talents in the construction industry. With his great leadership, we were honored to have received the “Silver Shovel Award 2018” and will maintain our safety excellence for years to come. We understand safety and strive for commitment and dedication. Safety is a full-time commitment requiring each employee to be responsible for themselves and their fellow workers, which is why we are proud of our safety record and will continue to work towards our goal of zero work-related incidents.

We would like to thank the NRCGA for this opportunity and thank you for the “Silver Shovel Award 2018”. We look forward to next year!
